

Bernard Bus Service, Inc.

Dear Parents:

Welcome to the Chatfield School District. Bernard Bus Service will be the transportation provider for your children. We have been specializing in the pupil transportation since 1957. We know that the first day of school can be a scary one for young children so I have included with this letter a registration form for you to fill out so that we may deliver your children to their destination safely and efficiently. Please fill this out, and mail it back as soon as possible so we may plan the routes accordingly. I have also included a list of in-town stops, please pick the stop that works best for your family and put it on the registration sheet.

Having been in the transportation business for many years, I would like you to be aware of a couple of things. First of all, no child will be let off at any other place than what you have defined, unless a hand-written note has been sent with the child, or the parent has called and made those arrangements with our office. Second; young children do fall asleep on the school buses; if your child has not arrived at home at the designated time please call our office: 507 867-3410. We will radio the driver to have them check for the child on the bus and let you know when you can expect them home. We will drop them off after the normal route is finished. Remember there are other parents that expect their children home on time and turning around can be time consuming.

Safety is of great concern to us at Bernard Bus Service so please review the school hand book and the school bus rules so your child can have a safe and enjoyable ride to and from school this year.

In-town stops will be posted on the school web site, please register your student with us. Rural students should check Skyward for their pickup times and bus numbers. During the first two weeks of school, expect some slight changes in times as we get all routes adjusted. If any major changes are going to take place, we will contact the family.

If you have any questions or concerns, please contact us and we will be happy to help you. We may be reached at 1 507 867-3410 or mike@bernardbusservice.com

Thank you
